Attention: City of Aransas Pass

Subject: Request for a Water Meter

To whom it may concern,

This is a formal request by John M. Davidson, who owns property on Williams Road across the street from Molly Tuggle. It is my understanding Mrs. Tuggle may be approved for a water meter and I would like to apply for a meter off that line. I do not have an address but I have owned the property directly across the street since 1969. I have already received approval from the City of Ingleside for this request (attached) and would appreciate approval from the City of Aransas pass.

I appreciate your indulgence and look forward to a response.

John M. Davidson
